Subject: Home Discovery Requests--

Eric--I have your letter of March 11, 2005, which I read as a refusal to supplement any of the Liquidator's responses to Benjamin Moore's discovery requests, as requested in my letter to you of March 2, 2005. I see the parties at an impasse on these issues, and will be filing a motion to compel promptly, unless you advise that you see a purpose in a conference to discuss these matters.

Please advise.

Andre
