Objection with the Court.

July 12, 2007

Claim - POC#: CLMN 461785-01

I object to the determination on the grounds;  
I believe a person, who is injured & disabled  
from a job should be compensated before others  
that have just monetary claims.

I will have to live the rest of my life in pain.  
When this is settled I will probably lose my benefits  
from Nebk, & will have to pay for my own  
prescriptions & etc.

Sincerely yours,

Carl Dartman
